The senior event

There were 46 teams entered. Of these, 45 teams started the course, and 37 finished complete. There were 196 walkers who started with 162 finishing.

The team placings announced immediately after the event reflected the overall time from start to finish. This was an error on our part, due mainly to converting information from our new tracking system to the certificate producing computer system. We have now removed the time taken at the lunch stop and this has made a few changes to the minor positions, but we can confirm the trophy winners and runners-up.

1st place unaccompanied by adult: Phoenix Flyers in a time of 4 hours and 4 minutes
Runners-up were 1st Twickenham Seniors taking 4 hours and 58 minutes.

1st place team accompanied with adult is "Does my Woggle look big in this?" taking 5 hours 22 minutes.
Runners-up were The Sixth Sense in a time of 5 hours 37 minutes.

The final positions are listed. There are some teams with apparently identical times, but the tracker bands record the time to the second. This shows just how important it is that the team keeps together in a group.

All certificates printed on the day show the correct times.

Team 3 - 21st Romsey - missed some checkpoints but walked into the finish in 8 hours and 36 minutes.

Team 11 - You can't hike with us! - 8th Holborn - finished incomplete in 8 hours 15 minutes

Team 21 - This team is the best - 8th Holborn - finished incomplete in 8 hours 49 minutes

Team 33 - Dib Dib Dib Dob Dob - 10th Edmonton - finished incomplete in 6 hours 5 minutes
